73rd Annual Surgical Update
June 8-11, 2011

Program Registration

73rd Annual Surgical Update & 42nd North American Federation Congress

June 8-11, 2011, Portland, Oregon

Trauma: The branch of surgical medicine that deals with treating injuries caused by an impact. As Trauma will be the focus of our 73rd Annual Surgical Update, we can easily sum this year's conference up in one word; IMPACT!

So just what is the impact of our continued research, development and training? And what do we do when it is our patient that is the subject of IMPACT?

Dear Colleagues,

There are changes in the global community and global climate, signs if you will, that impact our educational process and identify a necessity to address "Trauma and Critical Care Surgery" in a multidisciplinary setting. Whether urban or rural we need to understand how to deal with surgical dilemmas, medical disaster response, and surgical team participation.

I, along with the ICS-US Council of Specialty Group Chairs are pleased to invite you to participate in our 73rd Annual Surgical Update as we are preparing to take you on an amazing journey, serving as your "tour guides" by sharing our expertise and experiences. In every community, whether urban, rural, or impoverished, there continues to be a need for surgical and medical teams to evaluate and treat the ill and the severely injured. Our 73rd Annual Surgical Update will provide the educational venue for the complex operative and critical care surgical challenges, with major trauma being the epitome of these challenges.

This theme will be continued as we include an update to a course that made it's debut in 2010, as we continue to address the role of surgical and medical professionals for humanitarian relief and disaster response and preparedness. Led by a team of ICS Fellows, course faculty who have served in the "heat of battle" will share their experiences for saving patients' lives. Whether it is limited space, limited medical personnel, or just trying to quickly determine how to manage more patients than a facility can possibly process, the program will provide concrete information for individuals willing to take on these roles. Whether you are actively involved in these types of programs, our current reality is that every physician serving in a hospital clinical setting has the potential to be called upon for disaster and/or mass casualty response and the information provided here will be beneficial when it comes to understanding and successfully fulfilling those responsibilities.

Plan to join us in Portland, Oregon, June 8-11, 2011 for an exciting week of outstanding scientific programming. [Review the schedule provided in this brochure for a brief look into all the activities taking place.](#)

Know what to do when it is your patient that is the subject of IMPACT!

Sincerely,
Dinesh Ranjan, MD, FICS
United States Section President

Featured Presenters

Key Note Speaker

We are pleased to have Internationally renowned advocate for injured patients **Dr. Donald D. Trunkey**, Professor of Surgery, Section of Trauma and Critical Care, Oregon Health & Science University, Portland, Oregon provide this year's Key Note Address ***The Impact of Health Care Reform on Surgery***, will

be presented during the ***Trauma: Dealing with Dilemmas*** session on **Thursday, June 9**.

Honorary Fellow Lecture

This year's Honorary Fellowship Recipient, **Byers W. Shaw, Jr., MD**, Musselman Centennial Professor, Department of Surgery, College of Medicine, Medical Director, Advanced Clinical Application Program, University of Nebraska Medical Center, Omaha, NE will present on one of his current passions and how ***Computers***

Should Make It Easy to speed patient management with an infusion of humanities and trauma. You may observe this presentation during the ***Trauma: What's New*** session on **Saturday, June 11**.

Dr. Arno A. Roscher Annual Endowed Lecture

Arno A. Roscher, MD, FICS (HON.) FCAP, FASCP, ICS World Governor, Los Angeles, CA, will be presenting: **Ira A. Shulman, MD**, Professor of Pathology, Keck School of Medicine, University of Southern California, Director of Laboratories, Los Angeles County/USC Medical Center, Transfusion Services, USC Norris Cancer Hospital, Los Angeles, CA, who will present: ***Critical Bleeding and Coagulopathy Following Trauma; Implications for Blood Product and Coagulation Factor Replacement Therapy***, as part of

the ***Trauma: What's New*** session on **Saturday, June 11**.

ICS World President's Lecture

Former United States Section President and current World President, **Said A. Dae, MD**, a Trauma Specialist from Greenbelt, Maryland, practicing in Washington, DC will present; ***Interventions in Trauma***, as part of the ***Trauma: What's New*** session on **Saturday, June 11**. Dr. Dae joined ICS in 1986. He was

the United States Section President in 1995 and 1996. Dr. Dae will serve as the ICS World President through the end of 2012

Special Luncheon Presentation

Join us at lunch on **Friday, June 10th** for ***The International College of Surgeons: A 42-Year Journey*** as presented by **Arno A. Roscher, MD**.

From his time of acceptance as a Fellow in 1968, Dr. Roscher became extremely active on both the national and international level. He has served on various scientific committees throughout the years, including President and Regent of the California State Chapter. He has been a Vice President of the US Section and continues to serve as an ICS World Governor. He was the Scientific Chairman for more than 20 Medical/Surgical Symposia, and has authored and presented over 100 articles and abstracts. In 2004, Dr. Arno Roscher was awarded an Honorary Fellowship in the College for his life-long commitment to our mission and goals.

“Man—whether in the womb of the masses, or with his workmates, or with his family, or alone—can never for one moment forget that he is living in a world in which he is a means and whose end is not his business.”

--Alberto Moravia, Italian Writer

Accreditation

The International College of Surgeons-United States Section is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor Continuing Medical Education for physicians.

Credit Designation

The International College of Surgeons-United States Section designates this live activity for a maximum of *24 AMA PRA Category 1 Credits*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Course Sponsor

International College of Surgeons-United States Section
An ACCME Accredited Provider

President, United States Section
Dinesh Ranjan, MD, Iron Mountain, MI

Chair, Council of Specialty Group
Uretz J. Oliphant, MD, Urbana, IL

Chair, CME Committee
Larry S. Sasaki, MD, Bossier City, LA

The participation and cooperation of other surgical societies is very instrumental when it comes to meeting our educational mission as well as our multidisciplinary approach to these educational activities.

We are pleased to have the *American Academy of Neurological and Orthopaedic Surgeons* once again holding their Annual Scientific Meeting in conjunction with this conference. The Academy will present neurological and orthopaedic didactic sessions on Friday, June 10th and Saturday, June 11th. Refer to pages 11 and 12 for preliminary information about the Academy's program.

Trauma and Critical Care I: Dealing with Dilemmas

Thursday, June 9

8:00am-5:00pm

This session will utilize the talents, expertise and training of our own Specialty Group Chairs and invited faculty. Working together, they will offer a multidisciplinary approach to describe innovative, appropriate techniques and technology for optimal care of the injured or seriously ill patient; discuss treatments, techniques and technology for optimal care in critical care settings; discuss appropriate surgical response to injuries and illness with added complications such as obesity and pregnancy. The ethical dilemmas of trauma will also be a focus of this activity.

Accessibility to this information through lectures, videos, and power-point presentations will be key to your continuing professional development. These presentations are not merely limited to those members who hold professorships, but they include the trials and triumphs of research from our Junior Fellows and Residents and the case presentations of practicing clinicians.

Opening Ceremony – Welcome and Introductions

Dinesh Ranjan, MD, FICS, United States Section President, Chief, Surgical Services, Oscar G. Johnson VA Medical Center, Iron Mountain, Michigan.

The Impact of Health Care Reform on Surgery

Donald D. Trunkey, MD, FICS (HON.) Professor of Surgery, Section of Trauma and Critical Care, Oregon Health & Science University, Portland, OR

Management of the Open Abdomen

Anthony N. Dardano, DO, FICS, ICS-US Co-Chair Division of Plastic Surgery, Voluntary Assistant Professor of Surgery, Miller School of Medicine, University of Miami, Miami, FL

Closing Remarks and Announcements

Dinesh Ranjan, MD

Portland's Japanese Gardens; a lovely spot to relax after the day's education session.

Research Scholarship Presentations

Friday, June 10

8:00am-Noon

The Scholarship and Research Committee of the ICS-US Section extended its annual invitation to medical students, fellows, and residents in general surgery and all surgical specialties (including anesthesiology, pathology and radiology) to submit an original clinical research paper with pertinent clinical application for this annual competition with an overwhelming response. All papers will first be judged and scored by the members of the ICS-US Section Scholarship Committee prior to their presentation at this conference. An additional panel of judges will be assembled at this conference to score the oral presentation of the research. Scores from both panels will be totaled and the winners announced at the Convocation.

Intra-Tumoral Acetic Acid Injection Eradicates Human Prostate Cancer Tumors in a Murine Model

Gabriela Vargas, MD, Resident in Surgery, University of Utah, Department of Surgery, Salt Lake City, UT

Our competition will conclude with a special presentation by Dr. Robert S. Mathews who back in the 1970s was a participant and award recipient of this competition for his research on total hip replacement. Dr. Mathews will revisit this presentation and note the advancements made in this area since his original presentation in the 1970s. This presentation is in recognition of his inception and lead contributory for a “giving-back” program to support and assist the future generation of medical students and residents in training.

The Latest Clinical Surgical Total Hip Replacement Advancements in Painful Osteoarthritis of the Hip

Robert S. Mathews, MD, FICS, Orthopaedic Spine and Sports Center, Lancaster, PA

The International College of Surgeons: A 42 Year Journey

Luncheon

12:00pm-1:15pm

Featuring: Arno A. Roscher, MD, FICS, (HON.), ICS World Governor, Los Angeles, CA. Please see the description for this presentation on page 3.

Scientific Papers

Friday, June 10

1:30pm-5:30pm

This session is a forum where abstracts focusing on research and clinical cases across the surgical spectrum are presented.

A Comparative Study of Fine Needle Aspiration Cytology and Fine Needle Non-Aspiration Cytology Technique in Lesions of the Thyroid Gland

Saurabh Agrawal, MD, Assistant Professor of Surgery, Manipal Hospital, Kasturba Medical College, Manipal University, Manipal, India

Venous Thromboembolism Prophylaxis in Minimally Invasive Cancer Resection: A Systematic Review of the Literature

Erwin W. Gilbert, MD, MIS Fellow, Department of General Surgery, Oregon Health & Science University, Portland, OR

Surgery for Clostridium Difficile Colitis: A Shift in Paradigm

Siva Vithiananthan, MD, FICS, Associate Professor of Surgery, Chief, Minimally Invasive and Bariatric Surgery, The Miriam Hospital, Alpert Medical School, Brown University, Providence, RI

Radio Frequency, Minimally Invasive In-Office Procedure for Stress Urinary Incontinence

Simon M. Willis, B.Sc.,MS II, and **Arnold J. Willis, MD, FICS**, All Saints University of Medicine, Aruba

Early Gracilis Flap Closure Beneficial for Complex Perineal Wounds: Case Series for Oncologic and Inflammatory Perineal Wound Management

Matthew D. Malamet, MD, FICS, Chief Resident, Division of Plastic Surgery, Albany Medical College, Albany, NY

Laparoscopic Whipple: How I Do It

Michael Jacobs, MD, FICS, Clinical Professor of Surgery, Section Chief, General Surgery, Director HPB Program, St. John/Providence Health System, Southfield, MI

Case Report and Review of Literature: Domino Liver Transplantation using Liver from the Patient with Familial Amyloidosis Polyneuropathy

Atta Nawabi, MD, FICS, Assistant Professor of Surgery and Abdominal Transplantation, University of Kansas Medical Center, Kansas City, KS

Role of Multi-Detector CTA in Diagnostic Work-Up of Acute GI bleed in a Community Setting

Fady Abdelsayed, PGY3, Radiology Resident, Providence Hospital, Southfield, MI

Computed Tomography of the Chest: Indications and Utilization in a Community Hospital Setting

Francis J. Podbielski, MD, FICS, Associate Professor of Thoracic Surgery, University of Massachusetts Medical Center, Plymouth, MA

The Value of Mediastinoscopy in the Management of Thoracic Disease

Nyal Borges, MS3, College of Medicine, University of Kentucky, Lexington, KY

Anorectal Malformation: Newborn Management

Chand Ramaiah, MD, FICS, Associate Professor of Surgery, Director, Heart Transplantation and Minimally Invasive Cardiac Surgery, University of Kentucky, Lexington

Diastolic Heart Failure in the Post Operative Heart: Diagnosis and Management

Ahmed Alsaddique, MD, Professor, Head of Cardiac Surgery, King Fahad Cardiac Center & College of Medicine, King Saud University, Riyadh, Saudi Arabia

The Impact of Borderline Rejection on Long-Term Kidney Allograft Function and Patient Survival

Mark Laftavi, MD, FICS, Associate Professor of Surgery, Chief Division of Transplantation, Buffalo General Hospital, Buffalo, NY

Trauma and Critical Care II: What's New

Saturday, June 11

8:00am -12:00pm

This session, a continuation of Thursday's session on "Dealing with Dilemmas," will again offer a multidisciplinary approach to describe innovative, appropriate techniques and technology for optimal care of the injured or seriously ill patient. Discussions of techniques and technology for optimal care from Thursday's session and this session will segue the learner into an exploration of the many ethical issues that may arise when dealing with traumatic patients.

Honorary Fellow Lecture: Computers Should Make It Easy

Byers W. Shaw, Jr., MD, Musselman Centennial Professor, Department of Surgery, College of Medicine, University of Nebraska Medical Center, Omaha, NE

ICS World President's Lecture: Interventions In Trauma

Said A. Dae, MD, FICS, Greenbelt, MD

Arno A. Roscher Annual Endowed Lecture: Critical Bleeding and Coagulopathy Following Trauma; Implications for Blood Product and Coagulation Factor Replacement Therapy

Ira A. Shulman, MD, Professor of Pathology, Keck School of Medicine, University of Southern California, Director of Laboratories, Los Angeles County/USC Medical Center, Transfusion Services, USC Norris Cancer Hospital, Los Angeles, CA

Deborah Butterfield Horse Sculptures ...

In 1995 the Portland International Airport commissioned Deborah Butterfield for an exhibit of her horse sculptures for which were placed along the drive as one leaves the airport.

Surgical and Medical Ethics in Trauma and Critical Care **Saturday, June 11 1:00pm-3:30pm**

The “Ethics Forum” at our Annual Scientific Meetings continues to be one of the best attended and most popular sessions. At this year’s meeting we will introduce a new element to this portion of the meeting presenting representative cases which emphasize ethical issues in the area of trauma and critical care. These cases may have been previously discussed or even adjudicated in one’s local environment or not. The presentation of each case will be selected and presented by the Ethics Session Moderator and not the submitter of the case in order to retain objectivity. Of course names of patients would be masked and the submitter would or would not be named depending on their preference. The discussion will be moderated and open to the audience with strict time restrictions set on individual response to keep discussion plenary.

Session Chair

Frank Bongiorno, MD, FICS, Member Bioethics Committee, Michigan Medical Society and Embryonic Stem Cell Task Force, Wound Specialists of Ann Arbor, Ann Arbor, MI

Meeting Criteria for CME Ethics and Professional Responsibility

In addition to our break-out session on Ethics, the Opening Session for **Trauma and Critical Care: Dealing with Dilemmas**, and **Trauma: What’s New** will also address some of the ethical issues that physicians face in times of emergency. A portion of this course and the Ethics session will meet several state criteria for CME Ethics and/or Professional Responsibility.

Acceptance will vary by state and you will need to complete the appropriate documentation when submitting your credit hours for state licensure.

The historic “Portland” sign was salvaged from an old movie palace. It is now attached to another gorgeous old movie house that is used as a performing arts space. The renovated, historic venue is called the Arlene Schnitzer Concert Hall. It is home to the Oregon Symphony and also used for concerts, lectures and other performances. Credit: David Falconer

Surgical Outreach: International Missions and Austere Environments-Report from the Fellows

Saturday, June 11

3:45pm-5:15pm

A primary mission of the International College of Surgeons is to share our treasure of expertise and help lighten an often unbearable load of surgical disease. Our College offers many avenues through which this can be done. However well intentioned, we cannot do this work alone and, as with the surgical teams of our daily work, collaboration with others strengthens us all.

This session will showcase ICS Fellows involved in our Surgical Missions and allow them to share their insights into their motivation, accomplishments, and the lessons learned as they relate to their humanitarian contributions in Haiti, Vietnam, Iraq, and the Philippines.

Session Chair

Gazi Zibari, MD, FICS, Professor of Surgery, Malcolm Fiest Endowed Chair in Transplant Surgery, Director of W.K./Louisiana State University Regional Transplant Program, LSU Health Science Center, Shreveport, LA

Art and History Converge in Portland

Portland got its name when Asa Lovejoy and Francis Pettygrove flipped a coin in 1845. Lovejoy was from Massachusetts and wanted to name the new settlement Boston. Pettygrove was from Maine and wanted to name it Portland. Pettygrove won the coin toss two out of three times and the rest as they say is history.

First & Stark Streets, Portland Oregon, Circa 1852

Hands-On Workshops

Ultrasound Guided Procedures

Friday, June 10

1:30pm-4:30pm

Director

Asser M. Youssef, MD, FICS, Assistant Professor of Surgery, Chief/Medical Director, Trauma and Critical Care Surgery, LSUHSC, Shreveport, LA

Co-Director

Horacio D'Agostino, MD, FICS, ICS-US Radiology Chair, Professor of Radiology, Surgery, and Anesthesiology, Chair Dept. of Radiology, LSUHSC, Shreveport, LA

This course will provide basic education and training on the use of ultrasound (US) for FAST scan, and US guidance procedures. After attending this course and receiving didactic and practical instruction, participants will: Understand the principles of ultrasound technology; Be able to operate an ultrasound using basic commands; Be initiated into the performance of FAST and the use of US guidance procedures, and have a solid foundation for further individual development in the use of US.

The course will include a didactic session followed by hands-on training with live models and phantoms and conclude with post-testing.

A separate registration fee of \$100.00 in addition to the PAID general registration fee is required! Registration in advance is required as space is limited and will be assigned on a first come-first served basis.

HALS and Lap-Assisted Approaches to Left Colectomy and LAR with Cadaveric Lab

Friday, June 10

Part I: Lecture Series

8:00am-11:30am

Saturday, June 11

Part II: Hands-On Workshop

8:00am-Noon

Producer

Larry S. Sasaki, MD, FICS, ICS-US Colorectal Specialty Group Chair, Assistant Clinical Professor of Surgery, Louisiana State University Medical Center, Shreveport, LA

This course is designed for general and colorectal surgeons who are currently performing advanced laparoscopic procedures and are interested in expanding their skills to hand-assisted and laparoscopic colorectal surgery. Participants should be performing at least 20 open colectomy procedures a

year. The focus of the course will be to introduce the current trends in minimally invasive colon surgery including hand-assisted and laparoscopic techniques. Didactic content will address criteria for patient selection, procedural indications and contraindications, minimally invasive techniques and management of potential complications.

Upon completion of this course, participants should be able to: Discuss the evolution of minimally invasive colorectal procedures; Define patient selection, preparation and positioning for minimally invasive colon procedures; Differentiate minimally invasive colectomy procedures for benign and malignant disease; Describe current indications and contraindications for minimally invasive Colectomy procedures; Discuss the management of complications and the potential to convert to an open procedure; Demonstrate minimally invasive techniques for colorectal surgery in a faculty-guided cadaveric lab.

A separate registration fee of \$250.00 in addition to the PAID general registration fee is required! Registration in advance is required as space is limited and will be assigned on a first come-first served basis.

Component Separation For Complex Abdominal Wound Closure: Didactic and Cadaveric Lab Series

Saturday, June 11

Part I: Lecture Series

10:30am-Noon

Part II: Hands-On Workshop

12:30pm-3:30pm

Producer

Anthony N. Dardano, DO, FICS, ICS-US Co-Chair Division of Plastic Surgery, Voluntary Assistant Professor of Surgery, Miller School of Medicine, University of Miami, Miami, FL

Offering a comprehensive review of pre-clinical and clinical data this session will discuss the open component separation for complex abdominal wound closure including the selection of reinforcement materials and the techniques for optimizing clinical outcomes. Participants will have the opportunity to practice the procedures discussed, including the challenges of ventral hernia repair in a hands-on cadaveric lab.

A separate registration fee of \$250.00 in addition to the PAID general registration fee is required! Registration in advance is required as space is limited and will be assigned on a first come-first served basis.

*Schedule subject to Change

Social Activities

Alliance Board of Directors & Membership Meeting

Wednesday June 8, 9:00-10:30 AM

Please join us to discuss Alliance plans for the Annual Meeting and beyond. Topics will include future leaders, recruitment, fundraising, the 2011 Stipend Review, and current & future social activities for the Alliance. If you have ever wondered what the Alliance is or does, then this meeting shouldn't be missed.

Welcome Reception

Wednesday June 8, 6:00-7:00 PM

Our first evening in Portland begins with a cocktail reception. Join us to reconnect with old friends and meet members you may not have encountered before. You'll still have time to head out on the town to sample offerings at one of the many excellent restaurants located within walking distance of the hotel.

Alliance Silent Auction

Thursday-Saturday June 9-11

The Alliance Silent Auction returns this year. Items will be on display near the registration desk. Bids may be placed throughout the meeting. Final bids will be placed at the New Fellows Reception on Friday evening and winners will be announced before the Gala Dinner. Be sure to attend the complimentary reception to get in a final bid, and pick up your winning items. Items not taken home with the winner, will be subject to shipping charges in addition to the final bid amount.

Alliance Tea Party and Movie Discussion

Thursday June 9, 2:00 PM

Join other Alliance members and meeting attendees for a casual afternoon tea, and movie viewing. All are welcome to attend, reconnect with old friends and get to know new members. A movie or two will be viewed and those interested may take part in a guided discussion of the themes, plots, and motivations of the characters. ***There is no ticket fee, however you must pre-register.***

Eddie May's Murder Mystery Dinner

Thursday June 9, 6:00 PM

You'll just die laughing while dining and playing with a host of hilarious characters, all part of Eddie May Mysteries, North America's longest running murder mystery dinner theater troupe. Join us for a private dinner and show at Kell's Irish Bar & Restaurant in Downtown Portland. ***Tickets must be ordered in advance. \$69 per person.*** ON-site tickets will not be available. **You must have a ticket to be admitted.**

2nd Annual AANOS

"Fun"draising Event and Awards Dinner

Friday June 10, 6:00 PM

The 2nd Annual AANOS "Fun"draising Event and Awards Dinner will feature an elegant dinner, award presentations, entertainment and a special lecture by **Jeffrey Segal, MD**, JD, Neurosurgeon, Founder/CEO Medical Justice, Greensboro, NC. He will present ***Medical Justice: Relentlessly Protecting Physicians from Frivolous Lawsuits.*** Dr. Segal is the founder and CEO of Medical Justice, which is a membership-based organization that offers proven services and proprietary methods to protect physicians' most valuable assets – their practice and reputation. ***All Proceeds Benefit the AANOS Scholarship and CME Funds. Tickets must be ordered in advance. \$100 per person. ON-site tickets will not be available. You must have a ticket to be admitted.***

Rose Parade Viewing Party

Saturday June 11, 10:45 AM

The Grand Floral Parade is the crown jewel of the annual Rose Festival, anticipated annually by both locals and festival guests. In 2011 the parade will offer an extravaganza of the Rose Festival's theme, 'Carnival of Roses,' displaying the colors, variety and excitement of a mardi gras style carnival celebration. Join us Saturday morning outside the Hilton in a reserved viewing area to enjoy the parade as it passes by. ***Participation is complimentary but is limited to the first 15 reservations.***

United States Section Convocation &

Presidential Recognition Ceremony

Saturday June 11, 6:30 pm-7:30 PM

All attendees, families, friends and guests are invited to attend this hallmark event, the 73rd Annual Convocation of the US Section. Brimming with splendor and pageantry, this impressive ceremony includes the formal induction of New Fellows and this year's Honorary Fellow into the College. Join us in this celebration of the College, all of its Fellows, and their accomplishments. We do ask guests to proceed directly to the Ballroom and take their seats by 6:20pm so that the ceremony can start on-time.

New Fellows Reception

Saturday June 11, 7:30 pm-8:30 PM

Immediately following the Convocation and Presidential Recognition Ceremony, this reception will afford you the opportunity to meet your National Section and International Officers, provide you with the opportunity to meet your newest colleagues from coast to coast, and of course, honor our incoming President and Honorary Fellow. The Alliance Silent Auction will conclude at this event, be sure to attend to pick up your winning bids. All attendees are encouraged to attend.

Gala Dinner

Saturday June 11, 8:00 pm

We end our meeting and our week together as we started it; in Fellowship, join us as we come together for one last event before we bid farewell until next year. We are pleased to present the 'sound of the Portland Rose festival' with a private performance from the Choncorde Chorale Group, who will perform the concert they have created in conjunction with the 2011 Rose Festival activities. Black Tie attire is optional. **Tickets should be ordered in advance. \$125 per person. ON-site tickets will not be available.**

For over one hundred years, the Portland Rose Festival has served families and individuals from Oregon and beyond with events and programs that spotlight the riches of the Pacific Northwest heritage and environment while offering colorful examples of many international cultures. Attended by more than two million people, the festival is annually one of the top three most highly decorated events by the International Festivals & Events Association (IFEA) and in 2007 was named Best Festival in the World. Among the festival's most popular events are the Grand Floral Parade, one of the nation's top two all-floral parades, and the WaMu Waterfront Village, which features the Best Children's Programming in the World, according to the IFEA.

Selected Rose Festival Activities June 8-12, 2011

June 8, 1:00 p.m.

Location:

South end of Tom McCall Waterfront Park

General Meeting Information

The official language of this conference is English, and all sessions and events shall be conducted in English.

Meeting-related fees must be paid in US funds. Company or cashier checks as well as Visa, Master Card, and American Express are acceptable forms of payment.

Unless noted, all prices within this brochure are in US dollars.

Meeting Registration

The Meeting Registration form is on page 18-19. Everyone attending or participating in educational sessions, including faculty, is expected to complete the registration form and return it with payment. Registrations received without payment will not be processed.

All Spouses/Partners and Guests attending the meeting but not participating in educational sessions are expected to complete the registration form and pay the Supplement Fee.

To register for the meeting, please mail or fax your completed registration form with payment by May 27, to:

73rd Annual Surgical Update
1516 North Lake Shore Drive
Chicago, Illinois 60610-1694
Fax (312) 787-9289

Cancellation Policy

The cancellation deadline is May 27, 2011. Refunds will be issued, minus a \$50 processing fee, upon receipt of written notification via fax or mail. Verbal or written cancellations after May 27, will not be honored. Please allow four to six weeks after the meeting for your refund.

American Academy of Neurological and Orthopaedic Surgeons

Please note that registration for AANOS can be conducted using this registration form. Registration for either group entitles you to access to any CME session for whichever group you desire. The AANOS sessions are being planned by individuals with dual membership in both organizations and as such ICSUS considers the Neurological and Orthopaedic Sessions of the Academy to be its offering for those specialties. CME credit for AANOS sessions will be supplied by that group directly. AANOS is an ACCME accredited provider.

Attire

Business casual attire is recommended in educational sessions. Casual attire is appropriate for most social events. Evening attire is recommended for the Convocation and New Fellows Reception. Black tie is optional for the Gala Banquet.

Convocation

Invitations to participate in the 2011 Convocation were mailed in March to those who have joined the College within the past five years. If you have not yet participated in a Convocation and would like to please contact headquarters by April 26 for information on how to take part. Inquiries should be directed to: Paul Pancer, Director of CME & Member Services; (312) 787-6274 ext. 3126 or via e-mail: ppancer@ficsonline.org.

Hotel Information

The **Hilton Portland and Executive Towers**, our conference hotel for this meeting is centrally located within the city. You will find yourself steps from wonderful opportunities for dining, shopping and exploring. Portland has a terrific light-rail system to aid you in traveling about the city.

Hilton Portland & Executive Towers
921 SW Sixth Avenue

Our housing block is filling quickly, and the hotel is especially busy the night of Tuesday, June 7. Therefore you should booking your hotel reservations **now**; the **May 1, 2011** cut-off will be here sooner than you think!

Call 1-800-HILTONS today
Mention **Reservations code: ICS**

Room Rate:
\$ 117.00 Single/Double

Room block Deadline:

The deadline for making hotel reservations for the conference is **May 1, 2011**.

Reservation requests received after this date will be accepted on a space-and-rate-availability basis. All room reservations must be guaranteed with a major credit card at the time of reservation. To reserve your room contact the hotel at **1-800-HILTONS** and mention **reservation code ICS**.

continued

General Meeting Information Continued

Guest Room Cancellations

Guest room cancellations must be made by 72 hours prior to arrival. If a reservation is not cancelled in time, your credit card will be charged an amount equal to the cost of one night's room and tax.

Special Needs and Questions

If you have any special needs that must be addressed to ensure your comfort and or you require information not listed in this brochure, please contact Maggie Kearney, Meeting & Publications Manager, by phone: (312) 787-1662 or by e-mail: mkearney@ficsonline.org.

Weather

While Portland experiences annual rainfall of 40 inches, June is the beginning of the summer dry season for the city. Afternoon temperatures typically reach into the 70's and low 80's in June. However, mornings and evenings can be cool, and rain is still possible in early June.

Parking

Hilton Valet Parking 503-226-1611 x2172:

Hotel front door, on 6th Avenue between Salmon and Taylor Streets.

- \$8 per hour/\$20 daily max.
- \$8 evening max. after 5 pm to Midnight
- \$27 for overnight guests

Hilton Self-Park 503-226-1611 x2158:

On Taylor Street between 6th and Broadway

- \$ 3 per half hour/\$22max. per 12 hours
- \$ 8.75 Early Bird Special (in by 9:30 am)
- \$8 evenings (6:00 pm to 1:00 am)
- \$20 for registered overnight guests

Airport Transportation:

The **Portland International Airport** is located nine miles north of downtown Portland and is conveniently connected to the city center via MAX light rail train. The MAX light rail Red Line is the easiest and most cost-effective way to travel to and from the airport. The trip between the airport and downtown Portland takes less than 40 minutes.

The MAX station and ticket machines are located on the lower level, next to the south baggage claim area.

A one-way adult ticket costs \$2.35. A "two-zone" ticket is required to reach the Hilton Hotel -- exit the train at the Pioneer Square South MAX Station and walk 1 block southwest down 6th Avenue to SW Taylor Street. MAX ticket machines return change in coins, so small bills are recommended. Credit cards are also accepted.

Trains leave approximately every 15 minutes between 5 am and midnight.

For complete schedules and more information, call **Trimet** at 503/238-7433 or visit www.trimet.org/schedules/maxredline.htm.

Ground Transportation

The average taxi fare from the airport to downtown is approximately \$35 before gratuity. The one-way trip takes 20-30 minutes.

The Downtown Airport Express runs every 30 minutes and costs \$14 one-way and \$24 round-trip to downtown and Lloyd Center/Convention Center hotels. Other shuttle services are available, and many airport hotels provide free shuttles.

Taxicabs

You cannot hail a cab on the street in Portland. To catch a cab downtown, go to a hotel with a dedicated taxi stand, or order a cab by phone from one of the city's main operators:

Broadway Cab

800.248.TAXI (8294) or 503.227.1234 www.broadwaycab.com

Radio Cab Company

503.227.1212 www.radiocab.net

Green Cab & Green Shuttle

877.853.3577 or 503.234.1414 www.greentrans.com

Please Be sure to Fax/Mail Both Registration Pages
